

The KU Leuven logo consists of a blue rectangle with the text "KU LEUVEN" in white, bold, sans-serif capital letters.

KU LEUVEN

KU Leuven is an institution for innovative research and education with international appeal. We aim for research excellence, a contribution to societal and cultural debates and the realization of a real knowledge society. Individual initiative, critical reflection, collaboration, solidarity, academic freedom and diversity are key concepts in realizing these goals. KU Leuven ranks among the best 50 universities worldwide!

The Department of Computer Science of KU Leuven promotes research at a high international level in distributed and secure software, human-computer interaction, declarative languages and artificial intelligence, and mathematical engineering. Its research in **natural language processing** (NLP) has an outstanding international reputation (e.g., witnessed by the Advanced European Research Council Grant CALCULUS). Interested in joining us? You can find NLP job openings at <https://liir.cs.kuleuven.be/jobs.php>
