Megagon Labs

Megagon Labs (formerly Recruit Institute of Technology) is the technology hub and research lab for Recruit Holdings, a company that provides over 200 online services in the areas of human resources, travel, housing, education, restaurants and many other areas in which people make daily lifestyle decisions.

We conduct world-class research in the several areas, including natural language processing, machine learning, data management, data integration, and affective computing. We collaborate with research in universities and publish in top-notch conferences.

Megagon Labs is hiring Research Scientists, Software Engineers and interns for the summer of 2019! Visit our website at www.megagon.ai for more information.

Look for our members in the Megagon t-shirts during the EMNLP 2018!
